

Cincinnati Sub-Zero Blanketrol III

The Blanketrol® III hyper-hypothermia system offers simple programmable body temperature regulation while still keeping the control in the hands of the caregiver. Its innovative gradient program minimizes fluctuations in water temperature and maintains a stable patient temperature.

UNIT SPECIFICATIONS:

- Programmable & Pre-set variable gradient temperature selection
- SMART mode
- May be used in a variety of departments in the hospital/medical clinic.
- Data Export Software is available
- User-friendly interface
- High Flow Rate for tight temperature control
- Ability to pre-condition the water
