

# MR850

The MR850 can be used for the full range of Fisher & Paykel Healthcare therapies across the F&P Respiratory Care Continuum™

- One button selects optimal temperature and humidity levels for adult, pediatric and neonatal patients
- Easy set up with simple controls and an easy to read display
- Clinically based alarm system
- Advanced algorithms and the ability to sense flow optimises humidification delivery and minimises nuisance alarms
- Automatic standby during periods of gas flow interruption or water out
