

Reclining Wheelchairs 18"-32"

Our standard size reclining wheelchairs offer a full reclining back featuring unlimited adjustments with an easy, finger-trigger hinge and cable mechanisms. They all come standard with a higher back and removable full support headrest. Our Bariatric Reclining Wheelchairs feature custom configurations and a sturdy build. Perfect for bariatric centers, hospitals, long term care facilities and surgery centers. The Bariatric Wheelchair is designed to withstand heavy use with its dual square cross braces for patient support, 8x2 inches semi pneumatic wheels, and 24 inch uni-mold mag wheels with steel hand rims.
