

Welch Allyn Monitor

Welch Allyn 300 Series Pre-Owned unit includes accessories Blood Pressure, Pulse and Heart Rate + Temperature.

The monitor can monitor systolic and diastolic noninvasive blood pressure (NIBP), pulse rate, and MAP (mean arterial pressure). Units configured with the appropriate options can also simultaneously monitor temperature and SpO₂, and can continuously monitor pulse rate.

All vital-sign measurements are displayed on the front panel of the monitor. These measurements can also be printed, using the optional integrated thermal printer. The monitor provides programmable audible and visual alarms and automatic NIBP measurements at selectable intervals.
